This Die line has been supplied by North Star Printing. North Star Printing cannot guarantee final print and production results unless the guidelines below are followed

1 - DO NOT modify this die line in any way. Any modifications to this die line, as it is supplied, will render it unusable for production. Please leave all layers above the "artwork" layer locked to prevent any accidental use of these layers.

2 - DO NOT place any artwork on any layer above the supplied "artwork" layer in this file.

3 - All artwork must be placed on the "artwork" layer or on any new layers created below the "artwork" layer. All layers above the "artwork" layer will be turned off prior to final printing. Any art elements placed on any layer above the artwork layer will NOT print, even if they appear on proofs.

4 - DO NOT use any color in the color palate, that has a name beginning with "Artios_" for any artwork that is to print. These are die line colors and will not print at final output even if they appear on proofs

5 - DO NOT change the name or delete any color in the palate beginning with "Artios_" Changing or deleting any of these color names will cause the die line to print in the final artwork
